1. Hon. Chairman's Message

I am delighted to introduce you to Mangaon Taluka Education Society, a distinguished organization dedicated to providing education to the economically, educationally, and socially disadvantaged communities residing in the villages of hilly areas in Mangaon Taluka, Raigad district. Our society was established prior to India's independence with the vision “न हि ज्ञानेन सदृशं पवित्रमिह विद्यते।” that reflects commitment towards the upliftment of these sections of society through knowledge and education. Registered under the Society's Registration Act of 1860 and the Bombay Public Trust Act 1950, the Mangaon Taluka Education Society is one of the oldest and most esteemed educational societies in Raigad district, known for its pioneering contributions in the field of education.

As we celebrate our 75th anniversary in the year 2018-19, it fills us with great pride to reflect on our journey. From a modest beginning with a single school, our society has evolved into an educational complex spanning two districts. Under the umbrella of our society, we now have eight educational institutes that provide quality education from nursery to degree level. Over the years, our society has earned recognition as a premier educational institution in the entire Konkan region (Sahyadri Belt).

In today's rapidly changing global economic landscape, what was considered modern yesterday is suddenly rendered obsolete today. Industries require skilled professionals who can innovate and lead, rather than merely follow others. I firmly believe that by imparting the right blend of soft skills, communication and language proficiency, and computer knowledge, our students will not only become leaders in their communities but also contribute to the development of a strong nation.

At Doshi Vakil Arts College and G.C.U.B. Science & Commerce College, our mission is to nurture talented, young, and dynamic professionals. We strive to provide a nurturing environment that encourages our students to learn, explore, and develop their potential. Our faculty comprises experienced and dedicated educators who are committed to delivering quality education to our students. Our students are groomed in a creative, harmonious, and challenging atmosphere to prepare them for the intense competition they will face. What sets our students apart is their unwavering determination and goal-oriented mindset.

In conclusion, I want to reiterate our unwavering commitment to providing the best education possible and molding our students into responsible citizens of our country. I urge you to make the most of your time at our college and strive for excellence in all aspects of your life.

Wishing you the very best for your future endeavors.

Shri. Shrinivas Bandu Bendkhale
Chairman, Standing Committee
Mangaon Taluka Education Society

2. Hon. Principal's Message

I am honored to convey my heartfelt message on behalf of Mangaon Taluka Education Society's Doshi Vakil Arts College and G. C. U. B. Science & Commerce College. Our institution was established in 1998 with a vision to provide higher education opportunities to the students from the hilly region and surrounding villages. Over the past 24 years, we have strived to live up to this vision and create a positive impact on our society.

We take pride in the fact that several of our students have completed their graduation in the last decade and have acquired respectable positions in the society, government sector, and private sector. This success inspires us to continue our mission of providing quality education to all strata of society. Our college is affiliated with Mumbai University and is committed to addressing the needs of a dynamic society.

We believe that the biggest challenge faced by education today is to prepare students for the challenges of a globalized world. We recognize that students of today face a world that demands new knowledge and abilities, and therefore, we strive to instill adaptability and lifelong learning skills in our students.

At our college, we emphasize the importance of character and good values. We believe that education and character are the basic foundations and are laid by morality, empathy, motivation, positive attitude, and endless enthusiasm. Our core purpose is to inspire our students to discover their unrevealed potential and help them realize their dreams.

We believe that co-curricular activities play a vital role in developing an individual's personality, and we encourage our students to involve themselves in such activities. We aim to create an environment where our students can nurture their talents and become well-rounded individuals.

In conclusion, we are proud of our institution and the positive impact it has created on our society. We remain committed to our vision and mission, and we look forward to contributing to the betterment of our community through education.

Periodical examinations are held to foster continuous preparation on the part of students and to let them know their progress. Attendance at tutorials and examinations is compulsory, and the performance at these will be taken into account while confirming the admission to students to the University / college examination.

N.C.C. (For Boys & Girls)

Our College provides an excellent opportunity for students to enroll in the National Cadet Corps (NCC) program. The NCC training program is structured for a three-year period, and interested students can join the program during their first year of College. To enroll in the NCC program, students need to complete a rigorous selection process, which includes a written exam, ground test, and interview. The College will release a notification regarding the enrollment process on its official website and notice board as soon as the first-year admission process is completed.

To be eligible for enrollment in the NCC program, students must be on the College's roll and maintain a good academic record. In addition, students should be physically fit and mentally active to participate in various extra-curricular activities. Preference will be given to students who hold an NCC 'A' certificate.

Joining the NCC program at our College is an excellent opportunity for students to develop their character, discipline, and leadership skills. The program includes various activities such as drill training, adventure training, social service, and community development programs. These activities will help students develop physically, mentally, and socially, and create a sense of responsibility towards society. Additionally, students who successfully complete the NCC program are eligible for various benefits such as extra credit and scholarships.

Therefore, we encourage our students to take advantage of this unique opportunity and enroll in the NCC program. It is an excellent way to develop valuable skills and qualities that will benefit them in their personal and professional lives while serving the nation.
